10. New accounts will not be opened with customers who are indebted for bills overdue, unless such bills are paid or satisfactorily settled for before July 1st.

11. SPECIAL NOTICE.—I will not be responsible for any losses or damages **resulting from** non-delivery or delay in delivery of bulbs and plants sold by me, if such delays are caused by circumstances beyond my control, such as the acts of God, the elements, epidemics, the quarantine laws enacted by the Government of the United States or foreign potentates, and the like, and all orders entrusted to me or my agents are understood to be subject to the above exceptions and conditions.

12. IMPORTANT NOTICE, concerning duties on Plants and Bulbs. SELECT ASSORTMENT OF HYACINTHS.

(Our Choice.)

The following assortments of **extra choice bulbs, true to name**, are offered **at a very low price**, in order to induce buyers to procure these in preference to the cheaper class called "Mixed Hyacinths," the wholesale importation of which has a tendency to lower the class of Hyacinths forced in America—a detriment to both grower and seller.

AZALEA INDICA.

Azalea Indica.

The great satisfaction derived by my customers during many years, from the stock of **Azalea Indica** imported by me, as shown by the yearly increasing orders, has enabled me this season to offer the leading trade varieties **in large quantities at lower prices. The same care as before in the selection of plants and manner of packing will be strictly observed. Azalea Indica** are never kept in stock by me, but only sold on import orders, October delivery.

It is of great importance to place your orders early in the summer, in order to procure the varieties desired.

Only the leading and most desirable sorts have been cultivated, such as command a commercial value to the grower.

Orders for Azaleas will be filled from the varieties named. As far as possible, the sorts selected by my customers will be furnished, but I shall retain the privilege to substitute other equally good varieties to complete the order, if the sorts called for are sold out. Orders will be filled in rotation—"first come, first served." It will therefore be to the interest of intending buyers to **order early.** At the prices stated, the plants will be **delivered in New York,** including all expenses for ocean freight, shipping charges, insurance, custom-house entry, etc. This avoids for my customers all the annoyance and delay of importing.

☞ **Prices include delivery f. o. b. cars in New York.**
